The Issuer hereby undertakes that the assets on which the charge or security has been created to meet the hundred percent security cover or higher security cover is free from any encumbrances and in case the assets are encumbered, the permissions or consent to create any further charge on the assets has been obtained from the existing creditors to whom the assets are charged, prior to creation of the charge. - *Refer to the relevant Key Information Document.*
- vii. Issuer has amended and incorporated provisions in their Articles of Association, authorizing the Debenture Holders and the Debenture Trustee to appoint a nominee director on the board of directors of the Company as per Clause 15 (1)(e) of the Securities and Exchange Board of India (Debenture Trustee) Regulations, 1993 and Rule 18(3) (e) of Companies (Share Capital and Debentures) Rules, 2014.

SECTION 4 RISK FACTORS

AN INVESTMENT IN THE DEBENTURES INVOLVES RISKS. THESE RISKS MAY INCLUDE, AMONG OTHERS, EQUITY MARKET, BOND MARKET, INTEREST RATE, MARKET VOLATILITY AND ECONOMIC, POLITICAL AND REGULATORY RISKS AND ANY COMBINATION OF THESE AND OTHER RISKS. PROSPECTIVE INVESTORS SHOULD BE EXPERIENCED WITH RESPECT TO TRANSACTIONS IN INSTRUMENTS SUCH AS THE DEBENTURES. PROSPECTIVE INVESTORS SHOULD UNDERSTAND THE RISKS ASSOCIATED WITH AN INVESTMENT IN THE DEBENTURES AND SHOULD ONLY REACH AN INVESTMENT DECISION AFTER CAREFUL CONSIDERATION OF, (A) THE SUITABILITY OF AN INVESTMENT IN THE DEBENTURES IN THE LIGHT OF THEIR OWN PARTICULAR FINANCIAL, TAX AND OTHER CIRCUMSTANCES; AND (B) THE INFORMATION SET OUT IN THIS GENERAL INFORMATION DOCUMENT.

PROSPECTIVE INVESTORS ARE ADVISED TO CAREFULLY READ THESE KEY RISKS ASSOCIATED WITH THE DEBENTURES. THESE RISKS ARE NOT, AND ARE NOT INTENDED TO BE, A COMPLETE LIST OF ALL RISKS AND CONSIDERATIONS RELEVANT TO THE DEBENTURES OR YOUR DECISION TO PURCHASE THE DEBENTURES.

More than one risk factor may simultaneously affect the Debentures such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No assurance can be given as to the effect that any combination of risk factors may have on the value of the Debentures.

The Debentures involve a significant degree of risk and are intended for sale only to those investors capable of understanding the risks involved in such instruments. The Debentures are complex and an investment in such a product may involve a higher risk of loss of a part of the initial investment as compared to investment in other securities unless held till Maturity Date as set out in this Offer Letter. Prior to investing in the Debentures, a prospective investor should ensure that such prospective investor understands the nature of all the risks associated with the investment in order to determine whether the investment is suitable for such prospective investor in light of such prospective investor's experience, objectives, financial position and other relevant circumstances. Prospective investors should independently consult with their legal, regulatory, tax, financial and/or accounting advisors to the extent the prospective investor considers necessary in order to make their own investment decisions.

RISKS RELATING TO THE DEBENTURES

I. Changes in the interest rates may affect the price of the Debentures

All securities where a fixed rate of interest is offered, such as Debentures are subject to price risk. The price of such securities will vary inversely with changes in prevailing interest rates, i.e., when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fluctuation in the prices is a function of the existing coupon/yield to maturity, days to maturity and the increase or decrease in the level of prevailing interest rates. Any increase in rates of interest is likely to have a negative effect on the price of the Debentures.

II. Secondary market for the Debentures may be Illiquid

It is not possible to predict if and to what extent a secondary market may develop in the Debentures or at what price the Debentures will trade in the secondary market or whether such market will be liquid or illiquid. As specified in the General Information Document, an application has been made to list or quote or admit to trading the Debentures on the WSD Segment of the BSE and an in-principle approval has been obtained. If the Debentures are so listed or quoted or admitted to trading on the BSE no assurance is given that any such listing or quotation or admission to trading will be maintained. The fact that the Debentures may be so listed or quoted or admitted to trading does not necessarily lead to greater liquidity than if they were not so listed or quoted or admitted to trading.

The Issuer may, but is not obliged to, at any time purchase the Debentures at any price in the open market or by tender or private agreement. Any Debentures so purchased may be resold or surrendered for cancellation. The more limited the secondary market is, the more difficult it may be for holders of the Debentures to realize value for the Debentures prior to redemption of the Debentures.

III. Credit risk and rating downgrade risk

In the event of deterioration in the financial health of the Issuer, there is a possibility that the rating agency may downgrade the rating of the Debentures. In such cases, potential investors may incur losses on revaluation of their investment or make provisions towards sub-standard/ non-performing investment as per their usual norms. The Issuer cannot guarantee that the rating issued by the Credit Rating Agency will not be downgraded. Such a downgrade in the credit rating may lower the value of the Debentures and may also affect the Issuer's ability to raise further debts.

IV. The Debentures may not be a suitable investment for all potential Investors

Potential Investors should ensure that they understand the nature of the Debentures and the extent of their exposure to risk, that they have sufficient knowledge, experience and access to professional advisers such as legal, tax, accounting and other advisers to make their own legal, tax, accounting and financial evaluation of the merits and risks of investment in the Debentures and that they consider the suitability of the Debentures as an investment in the light of their own circumstances and financial condition.

V. Exercise of powers by the Debenture Trustee is subject to equitable principles and supervisory powers of courts

The exercise by the Debenture Trustee of the powers and remedies conferred on it under the Debentures and this General Information Document or otherwise vested in it by applicable law, will be subject to general equitable principles regarding the enforcement of security, the general supervisory powers and discretion of the Indian courts in the context thereof and the obtaining of any necessary governmental or regulatory consents, approvals, authorizations or orders.

VI. The right of the Debenture Holders to receive payments under the Debentures will be junior to certain tax and other liabilities preferred by law on an insolvency of the Issuer

The Debentures will be subordinated to certain liabilities preferred by applicable law such as claims of the Government of India on account of taxes and certain liabilities incurred in the ordinary course of the Issuer's business (including workmen's dues). Upon an order for winding-up in India, the assets of a company are vested in a liquidator who has wide powers to liquidate such company to pay its debt and administrative expenses.

VII. Receipt of coupon or principal is subject to the credit risk of the Issuer.

Investors should be aware that the receipt of any coupon payment and principal amount at maturity is subject to the credit risk of the Issuer. Any stated credit rating of the Issuer reflects the independent opinion of the referenced rating agency as to the creditworthiness of the rated entity but is not a guarantee of credit quality of the Issuer. Any downgrading of the credit ratings of the Issuer by the rating agency may lower the value of the Debentures.

Potential Investors should be aware that receipt of the principal amount, (i.e., the redemption amount) and any other amounts that may be due in respect of the Debentures is subject to the credit risk of the Issuer. Potential Investors assume the risk that the Issuer will not be able to satisfy their obligations under the Debentures. In the event that bankruptcy proceedings or composition, scheme of arrangement or similar proceedings to avert bankruptcy are instituted by or against the Issuer, the payment of sums due on the Debentures may not be made or may be substantially reduced or delayed.

The payment of the principal and coupon on the Debentures is subject to the credit risk of the Issuer whereby the investors may or may not recover all or part of the principal or coupon amount of the funds invested in case of default by the Issuer. Debenture Holders assume the risk that the Issuer will not be able to satisfy their obligations under the

Debentures and may or may not recover all or part of the principal and/or coupon amount in case of default by the Issuer.

VIII. Security may be insufficient to redeem the Debentures

In the event that the Company is unable to meet its payment and other obligations towards Investors under the terms of the Debentures, the Debenture Trustee may enforce the Security as per the terms of security documents, and other related documents. The Debenture Holder(s)' recovery in relation to the Debentures will be subject to (i) the market value of such secured property, (ii) finding willing buyers for the Security at a price sufficient to repay the Debenture Holder(s)' amounts outstanding under the Debentures. The value realised from the enforcement of the Security may be insufficient to redeem the Debentures.

While the debenture is secured against a charge to the tune of more than 100% of the principal and interest amount in favour of debenture trustee, and it is the duty of the debenture trustee to monitor that the security is maintained, however, the possibility of recovery of 100% of the amount shall depend on the market scenario prevalent at the time of enforcement of the security.

IX. Payment of penalty

In case of outstanding debt instruments or deposits or borrowings, any default in compliance with the material covenants such as creation of security as per terms agreed, default in payment of interest, default in redemption or repayment, non-creation of debenture redemption reserve, default in payment of penal interest wherever applicable.

INTERNAL RISKS

Risk Factor in relation to the Issuer's business

- A. *If the Issuer is unable to control the level of non-performing loans ("NPAs") in the future, or if the Issuer's loan loss reserves are insufficient to cover future loan losses, the financial condition and results of operations may be materially and adversely affected.***

If Loans extended by the issuer are unsecured and the issuer cannot assure that it will be able to effectively control and reduce the level of NPAs of loans extended to the borrowers. The amount of reported NPAs may increase in the future on account of growth in the business, external factors impacting the economy / income profile of the borrowers or due to any other reason within or beyond the control of the Issuer. Such non-performing or low credit quality loans can negatively impact our results of operations. While the Issuer has created sufficient loan loss reserves, the same may not be adequate for a significant increase in NPAs. Any significant increase in provisioning requirement due to deterioration in asset quality may in turn adversely impact the profitability of the Issuer.

The Issuer's borrowers are from different geographies with limited access to finance, and as a result, might be vulnerable if economic conditions worsen or growth rates decelerate in India. Moreover, there is no precise method for predicting loan and credit losses, and the Issuer cannot assure that its monitoring and risk management procedures will effectively predict such losses or that loan loss reserves will be sufficient to cover actual losses. If the Issuer is unable to control or reduce the level of its NPAs or poor credit quality loans, its financial condition and results of its operations could be materially and adversely affected.

The Issuer has various procedures and process controls in place to mitigate the risk. The borrower selection is carefully done after objectively assessing the underlying credit profile and adequate mechanisms have been put in place to ensure regular monitoring and collections.

- B. *Competition from banks and financial institutions, as well as state-sponsored programs, may adversely affect the Issuer's profitability and position in the Indian NBFC lending industry***

The Issuer faces most significant competition from other NBFCs and banks in India. Many of the institutions with

which Issuer competes can have greater assets and, better access to and lower cost of funding than the issuer. In certain areas, they may also have better name recognition and larger member bases than Issuer. Issuer anticipates that it may encounter greater competition as they continue expanding the operations in India, which may result in an adverse effect on the business, results of operations and financial condition.

EXTERNAL RISK FACTORS

I. Future legal and regulatory obstructions

Future government policies and changes in laws and regulations in India and comments, statements or policy changes by any regulator, including but not limited to RBI or SEBI, may adversely affect the Debentures. The timing and content of any new law or regulation is not within the Issuer's control and such new law, regulation, comment, statement or policy change could have an adverse effect on the market for and the price of the Debentures.

Further, SEBI or any other regulatory authorities may require clarifications on this General Information Document, which may cause a delay in the issuance of the Debentures or may result in the Debentures being materially affected or even rejected.

Further, the exercise by the Debenture Trustee of the powers and remedies conferred on it under the Debenture Trust Deed, or otherwise vested in them by applicable law, will be subject to general equitable principles regarding the enforcement of security, the general supervisory powers and discretion of the Indian courts in the context thereof and the obtaining of any necessary governmental or regulatory consents, approvals, authorizations or orders.

II. Company's growth depends on the sustained growth of the Indian economy. An economic slowdown in India and abroad could have direct impact on the Company's operations and profitability.

Macroeconomic factors that affect the Indian economy and the global economic scenario have an impact on Company's business. Recent trends suggest that the economy may grow at a flat pace which may have a direct impact on our business and a slowdown in the economy as a whole can increase such an impact thereby adversely impacting the Company's growth plans.

A sustained slowdown in the Indian economy could adversely affect Company's business; India's economy could be adversely affected by a general rise in interest rates, or various other factors affecting the growth of industrial, manufacturing and services sector or general down trend in the economy.

III. Company's business may be adversely impacted by natural calamities or unfavorable climatic changes.

India, Nepal, Bangladesh, Pakistan, Indonesia, and other Asian countries have experienced natural calamities such as earthquakes, floods, droughts, and a tsunami in recent years. Some of these countries have also experienced pandemics notably the ongoing Covid-19 pandemic in India and Globally including the outbreak of avian flu/ swine flu. The extent and severity of these natural disasters and pandemics determines their impact on these economies and in turn affects the Company's business and operation. Prolonged spells of abnormal rainfall and other natural calamities could have an adverse impact on the economies in which the Company has operations, which could adversely affect its business and the price of the Debentures.

IV. Any downgrading of India's sovereign rating by an international rating agency(ies) may affect the Company's business and its liquidity to a great extent.

Any adverse revision to India's credit rating for domestic and international debt by international rating agencies may adversely impact Company's ability to raise additional financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on Company's financial performance and its ability to obtain financing to fund our growth on favorable terms, or at all.

GENERAL RISKS

Investment in non-convertible securities is risky, and investors should not invest any funds in such securities unless they can afford to take the risk attached to such investments. Investors are advised to take an informed decision and to read the risk factors carefully before investing in this offering. For taking an investment decision, investors must rely on their examination of the issue including the risks involved in it. Specific attention of investors is invited to statement of risk factors contained under Section 4 of this issue document. These risks are not, and are not intended to be, a complete list of all risks and considerations relevant to the non-convertible securities or investor's decision to purchase such securities

I. Investment risks

Investment in debt and debt related securities involve a degree of risk and investors should not invest any funds in the debt instruments, unless they can afford to take the risks attached to such investments. Investors are advised to read the risk factors carefully before taking an investment decision in this Issue. For taking an investment decision, investors must rely on their own examination of the Company and the Issue including the risks involved. The Debentures have not been recommended or approved by Securities and Exchange Board of India ("SEBI") nor does SEBI guarantee the accuracy or adequacy of this document.

II. Early Termination for Extraordinary Reasons, Illegality and Force Majeure

If the Issuer determines that, for reasons beyond its control, the performance of its obligations under the Debentures has become illegal or impractical in whole or in part for any reason, the Issuer may, at its discretion and without obligation, redeem the Debentures early.

III. Taxation

Potential purchasers and sellers of the Debentures should be aware that they may be required to pay stamp duties or other documentary charges/taxes in accordance with the laws and practices of India. Payment and/or delivery of any amount due in respect of the Debentures will be conditional upon the payment of all applicable taxes, duties and/or expenses.

Potential Investors who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential Investors should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

IV. Delays in court proceedings in India

If any dispute arises between the Issuer and any other party including Debenture Holders, the Issuer or such other party may need to take recourse to judicial proceedings before courts in India. It is not unusual for court proceedings in India to continue for extended periods. Disposition of cases may be further subject to various delays including multiple levels of appellate adjudication.

V. Accounting Considerations

Special accounting considerations may apply to certain types of taxpayers. Potential investors are urged to consult with their own accounting advisors to determine implications of this investment.

VI. Breach of contract.

A failure to observe the covenants under our financing arrangements or to obtain necessary consents required thereunder may lead to the termination of our credit facilities, acceleration of all amounts due under such facilities and the enforcement of any security provided. Any acceleration of amounts due under such facilities may also trigger

cross default provisions under our other financing agreements. If the obligations under any of our financing documents are accelerated, we may have to dedicate a substantial portion of our cash flow from operations to make payments under such financing documents, thereby reducing the availability of cash for our working capital requirements and other general corporate purposes. Further, during any period in which we are in default, we may be unable to raise, or face difficulties raising, further financing in any of these circumstances.

XXV. Debentures in Dematerialized Form

The Company is issuing the Debentures only in dematerialized form and hence no Debentures are being issued in physical form in terms of the Key Information Document. The Company has entered in to Depository Arrangements with NSDL for dematerialization of the Securities.

Applicants have to mention their Depository Participant's name, DP-ID and Beneficiary Account Number/Client ID in the appropriate place in the Application Form. Debentures of successful Debenture Holders having Depository Account shall be credited to their Depository Account.

The Debentures shall be held in dematerialised form and no action is required on the part of the Debenture Holder(s) for redemption purposes and the redemption proceeds will be paid by way of cheque(s)/ redemption warrant(s)/ demand draft(s)/ credit through RTGS system/ funds transfer to those Debenture Holder(s) whose names appear on the list of Beneficiaries provided by the Depositories to the Issuer. The names would be as per the Depositories' records on the relevant record date fixed for the purpose of redemption. All such Debentures will be simultaneously redeemed through appropriate debit corporate action. The list of beneficiaries as of the relevant record date setting out the relevant beneficiaries' name and account number, address, bank details and DP's identification number will be given by the Depositories to the Issuer and the Registrar. Based on the information provided above, the Issuer/Registrar will dispatch the cheque for interest / Coupon payments to the beneficiaries. If permitted, the Issuer may transfer payments required to be made in relation to any by electronic transfer of funds/RTGS, to the bank account of the Debenture Holder for redemption and interest/ Coupon payments.

XXVI. Joint-Holders

Where two or more persons are holders of any Debenture(s), they shall be deemed to hold the same as joint holders with benefits of survivorship in the same manner and to the same extent and be subject to the same restrictions and limitations as in the case of the existing equity shares of the Company, subject to other provisions contained in the Articles of Association of the Company.

XXVII. Mode of Transfer

The Debentures shall be transferable and transmittable in the same manner and to the same extent and be subject to the same restrictions and limitations as in the case of the existing equity shares of the Company. The provisions relating to transfer and transmission, nomination and other related matters in respect of equity shares of the Company, contained in the Articles of Association of the Company, shall apply mutatis mutandis to the transfer and transmission of the Debentures and nomination in this respect.

The Debentures held in dematerialised form shall be transferred subject to and in accordance with the rules/procedures as prescribed by NSDL/CDSL and the relevant Depositories of the transferor or transferee and any other applicable laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, Coupon will be paid/ redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories under all circumstances. In cases where the transfer formalities have not been completed by the transferor, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer. The normal procedure followed for transfer of securities held in dematerialized form shall be followed for transfer of these Debentures held in electronic form. The transferor should give delivery instructions containing details of the transferee's depository account to his Depository. Investors may note that subject to applicable law, the Debentures of the Issuer would be issued and traded in dematerialised form only.

XXVIII. Succession

In the event of demise of the sole holder of the Debentures, the Company will recognize the executor or administrator of the deceased Debenture holder, or the holder of succession certificate or other legal representative as having title to the Debentures. The Company shall not be bound to recognize such executor, administrator or holder of the succession certificate, unless such executor or administrator obtains probate or letter of administration or such holder is the holder of succession certificate or other legal representation, as the case may be, from a court in India having jurisdiction over the matter. The Directors of the Company may, in their absolute discretion, where they think fit, dispense with production of probate or letter of administration or succession certificate or other legal representation, in order to recognize such holder as being entitled to the Debentures standing in the name of the deceased Debenture holder on production of sufficient documentary proof and / or indemnity.

XXIX. Governing law

The Debentures shall be construed to be governed in accordance with Indian Law.

The courts and tribunals as stated in the respective transaction documents and Key Information Document for specific Debenture issuance shall have exclusive jurisdiction in connection with any dispute arising out of or in connection with this Debentures. The Debenture Holders and the Debenture Trustee shall not be prevented from taking proceedings relating to a dispute in any other courts and tribunals with jurisdiction. ANNEXURE IV: SPECIFIC DISCLOSURES REQUIRED FROM NBFC

- (i) **Lending Policy: Should contain overview of origination, risk management, monitoring and collections;**

<p>Origination / Sourcing</p>	<p>The Issuer has well established origination channels and a low cost customer acquisition strategy. More than 50% of the customers are acquired organically for which no costs are incurred. Diversified customer acquisition channels include traffic partners like Facebook and Google, channel partners such as Paisabazar which generate qualified leads. A strong referral system has created a loyal ecosystem of borrowers. DSAs have also been introduced which are adding new customers gradually. Issuer has the lowest CAC as compared to its peers within the industry as a result of this comprehensive sourcing strategy</p>
<p>Initial Assessment / Verification</p>	<p>There are various scores that are used to aid the decision-making process during the life cycle of the customer. The key scores help in the initial assessment of the customer are as described below:</p> <ul style="list-style-type: none"> I. Bureau score: Score obtained from one of the 4 bureaus (Cibil, Crif, Experian, Equifax). Based on the tradelines and enquiry information a custom score has been created for KreditBee’s loan product.. II. Income Estimator Score: This score provides an estimate on the effective income of the customer based on various data sources like the Bureau, declared Income. III. Connectivity Score: Based on the connectivity parameter from various sources like KreditBee SMS and message delivery status, collections agent’s calling disposition status, etc. a connectivity score is created to measure the riskiness of the profile. IV. Device Score: Based on the device information which includes location information and other device’s system variables. V. Origination score / A-Score card: Custom score card based on first and second loan data of users across 400 variables using logistic regression. VI. Collection score card: Experience based custom score card based on repayment data of user. VII. PAN name matching score: A score that captures how much of name entered by user matched the one in PAN database in NSDL VIII. OCR score: An OCR score that captures how much of details entered by user is matching the data in the documents uploaded. IX. Live photo score: A score that indicates if the selfie taken is that of a live human being. X. Photo match score: A score that indicates, if the selfie of user matched the photo of the customer in the other documents uploaded.
<p>Credit Appraisal System</p>	<p>The key factors considered before taking a loan decision are:</p> <ul style="list-style-type: none"> 1. Eligibility check to be a customer: The customers identity is verified using social network, government ID, age, blacklist, address book network, GPS location network, device data including IMEI for impersonation and user is accepted or rejected. 2. Profile check to get a credit line: The customers profile is verified using data based on government ID, social network, age, profession, address book network, bureau score and derived data from bureau data users’ ability to pay and willingness to pay is validated and user can take a loan or is rejected. 3. Bank add check to disburse loan: The customer’s name in bank account is validated when the user adds his bank account for loan disbursement and this further plays a role in validating users’ identity. 4. Eligibility check for higher loan: The customers are evaluated on specific data from bureau, blacklist, age, income, address book network for ability to take larger credit lines. This is in addition to Eligibility check to be a customer. 5. Profile check for higher loan: The customers are evaluated based on bank statement data and monthly salary slip data in addition to Profile check to get a credit line for ability to take larger credit lines. 6. Employment validation for higher loans: The customer’s employment information is also validated either through the bank statement data or Provident Fund by EPFO or tax paid information via the 26AS government form. 7. Loan disbursal check: The customers data from e-sign, and bank before disbursal of loan amount allows in validating users’ identity.

	<p>8. Payment check: The customers data from repayment and phone data is used to understand the customers appetite for repayment of loan to extent further credit line or increase of credit line.</p> <p>9. Reassessment Process for re-activating customers: For the applicants or customers who were rejected because of bad payment behaviour either in KreditBee or some other platform, a reassessment is done on re-application post 6 months to see if the applicant’s situation has improved and he/she falls within the company’s policy norms.</p> <p>10. Reassessment Process for Credit Line changes: Once every 6 months, the bureau data is re-run to ensure that the customer’s payment profile in other lending platforms is also taken into consideration for subsequent changes. This is used as a risk management as well as a credit line enhancement strategy</p>																									
Disbursement	<p>once the customers’ profile is approved on the Kreditbee App after passing through the risk and rule engines, they are eligible for a loan and assigned to KrazyBee NBFC. Funds are disbursed directly in the customers’ bank account through KrazyBee’s escrow account.</p>																									
Collection	<p>Customers are informed and reminded of the due date for repayment through the Kreditbee App. Customer pays via the App, through the payment gateway. The payment gateway settles the funds in the repayment Nodal account on a T+1 working day basis to KrazyBee. The company has a robust in-house collection team of 800+ personnel handling tele calling, CRM, customer education, etc. Physical collection capabilities have also been set up by onboarding 100+ agencies PAN India. Salient features of the collection strategy include :</p> <ol style="list-style-type: none"> Collection scorecard is used for prioritization to improve agent efficiency Automated reminder system is used to create urgency for lower DPDs while it is used to identify reachable customer for higher DPDs Efficient vernacular collection through agent coverage in all languages Collection policy is formulated as per RBI guidelines and customer grievances are handled on priority to ensure no major escalations Performance based incentives, HR processes and Knowledge management are key attributes for continuous improvement 																									
Delinquency Management	<p>The Company has an experienced and efficient recovery team on the payroll who ensure timely action for recovery of over dues. Separate collection strategies are deployed for high risk and low risk customers. This segregation is done on the basis of proprietary collection scorecards.</p> <table border="1" data-bbox="375 1178 1255 1549"> <thead> <tr> <th>Buckets</th> <th>Repeat/Low risk customers</th> </tr> </thead> <tbody> <tr> <td rowspan="2">1-30 DPD</td> <td>1.
